## CANADIAN BRONZE COMPANY, LIMITED

### TO THE SHAREHOLDERS:

Your Directors take pleasure in submitting the Company's Income Account and Balance Sheet, showing the results of the past year's business and the financial position of the Company as of December 31st, 1927.

As you are aware, the business now carried on by your Company through its subsidiaries was acquired from interests in the United States as of March 31st, 1927. Therefore, the profits applicable to your Company are those for the nine months from April 1st to December 31st, 1927, and it affords me great pleasure to report that the operations since control of the business was brought to Canada have been very satisfactory.

Prior to March 31st, 1927, your Company, was privately owned. I am pleased to advise you that we now have over 425 Preferred and an equal number of Common stockholders, spread over the entire Dominion, who are interested in the success and advancement of your Company.

Attention is called to the strong liquid position of the Company. We have over \$425,000 invested in income-producing securities.

It has been the earnest endeavour of the management to continue to develop our business as the leader in Bronze Bearing Metals in Canada and with this in view we have been continually working on new contrivances and mixtures with a view to improving the quality of our products and increasing the efficiency of our service and deliveries. In this connection an Engineering Department is maintained here and your Company also has a consulting representative in Washington, D.C., to take care of any new developments that might at any time arise in connection with the business. Service and quality is always our motto and with our Research Department we feel that when better or more satisfactory Bearings are developed and made that Canadian Bronze Company, Limited, will make them.

I also wish to report that the physical condition of our Plants is better to-day, in our opinion, than it has been for the last fifteen years and we are continually striving to maintain our equipment in a condition that you as our shareholders will be justly proud of.

Your Directors wish to express their appreciation of the efficient work of the employees of the Company and the fine esprit de corps that prevails in the organization.

On behalf of the Board of Directors,

P. R. DIAMOND, *President.*
